PHILADELPHIA, March 2.—Eppa Rixey, the glant southpaw of the Phillies, has signed his contract for 1916, and every Philly player is now under contract with the exception of Gabby Crayati. Gabby, however, will bring his signed docu-ment to St. Petersburg with him. Rixey was holding out for more money, but did not get it. He has asked for permission to report a few days after the rest of the squad, as he is teaching at the Episcopal High School at Alexan-dria, Va... and must find a substitute.

Braves Of for Training Camp.

Boston, March 2.—Secretary Walter Hapgood of the Braves, accompanied by Pitcher Tyler. Bernie Lee, former Tufts peaptain and third base aspirant, and Arthur Rico, a hard hitting schoolboy catcher, started for Miami late to-night.

They will be joined by other players in a New York to-merrow, and most of the party will go by boat to Savannah.

J. Franklin Baker, mighty home run hitter, visited Annapolis to-day and spent some time at St. John's College, where he talked with Coach Johnny Wilson and some of the baseball players and watched the basketball squad practise. He said he had played a little basketball and was much interested in it. The home run artist said he would join the Yankees on Saturday, but he exhibited a smashed right hand which will prevent him from being very active around the diamond for some time. The middle and index fingers are torn up considerably. Baker said the mishap was the result of some skylarking at his farm at Trappe, Md. ment has been made in the House of Commons that the Government has purchased the breeding farms in Ireland and Wiltshire of Col. William Hall Walker, a member of Parliament, who gave horses worth \$370,000 to the Government for breeding purposes last December. Francis Dyle Ackland, Financial Secretary to the Treasury, stated that the purchase price was \$325,000. The House consented to the purchase, although several members criticised the act of the Government in view of the economy programme of the nation. The need of cavalry horses was the reason

Consistency

YOU want a motor car that will serve you consistently. You want to know that your car can be relied upon day in and day out. You want high mileage per gallon of gasoline and freedom from repairs and readjustments. And you want these things, not occasionally, but continuously—day after day.

On these qualities the Maxwell has made good. It has proved its worth. When the Maxwell stock touring car set the World's Motor Non-Stop Mileage Record a short time ago it travelled for 44 consecutive days and nights and its performance was consistent.

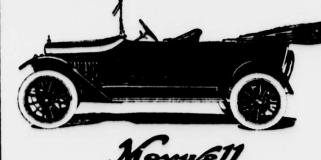

It went about 500 miles each and every day. It went within a small fraction of 22 miles to every gallon of gasoline. It went the whole distance of 22,000 miles -probably further than you would travel in two years without any repairs or readjustments.

Every one of eight tires (two sets) went just about 9,800 miles and the others finished in good shape. For consistency and reliability this record far excels anything we ever heard of.

You can get a Maxwell, an exact duplicate of the record breaking stock car, on the partial payment plan we have perfected. All you have to do is to make the initial payment, then take the car and pay the balance as you ride.

The unusual value of the Maxwell, together with our easy payment plan of purchase, is bound to dispose of our allotment of cars very quickly. Better make your reservation now, delivery later if you
